

1. Scope

This policy applies to all staff at Expanse Learning College (Hereafter referred to as the College).

2. Objectives

The general aims of these policy statements are the arrangements that are set out below. The Chief Executive Officer (CEO)/ Director and Governing Body (GB) recognises its responsibility to the health, safety and welfare of all staff, students and other persons visiting the College premises. It is the responsibility of the CEO/Director so far as is reasonably practicable:

- To maintain all areas under their control in a condition that is safe and without risk to health
- To establish and maintain a safe and healthy environment throughout the College
- To establish and maintain safe working procedures among staff and students
- To ensure that risk assessments are carried out by competent staff (*refer to the Risk Assessment Policy*)
- To consult with employees on matters affecting their Health, Safety and Welfare
- To provide and maintain safe equipment
- To provide and maintain means of access to and egress from that place of work that are safe and without risk
- To provide arrangements to ensure the safety and absence of risks to health in connection with the use, handling, storage and transport of articles and substances
- To ensure the provision of sufficient information, instruction and supervision to enable all employees and students to avoid hazards and contribute positively to their own health and safety and to ensure that they have access to health and safety training as appropriate or as and when provided
- To prevent accidents and cases of work-related ill health
- To provide and maintain safe, healthy and adequate welfare facilities
- This policy will be reviewed on a regular basis, by the Corporate Services Team (CST)/Director and GB.

3. Roles & Responsibilities

The Director is responsible:

- for the day-to-day Health and Safety management of College and all staff directly employed by the College
- This responsibility will include ensuring that staff are aware of the safety rules and procedures which apply and also that they have access to detailed and specific regulations affecting their work
- The Director must also be aware of the arrangements governing visits and general contractors whilst on the College premises.

CEO/Director and GB:

- Monitor the effectiveness of the health and safety policy
- Provide arrangements to ensure that all staff employed by the College, and all other persons working on the premises, are aware of all policies, risk assessments and all other relevant health and safety information
- Understand their responsibilities under the Health and Safety at Work Act, in relation to the roles and responsibilities of the College
- Provide arrangements and implement the College's accident reporting procedure and ensure that staff are aware of the system
- Ensure accidents are reported and investigated where necessary, and ensure control measures are implemented
- Develop and maintain safe working practices
- Ensure that all staff are aware of the first aid arrangements and first aiders
- Ensure the implementation of procedures in the event of fire and ensure that all staff are aware of their roles and responsibilities
- Provide suitable induction training for all new staff and visitors
- Identify health and safety training needs
- Ensure all structural defects are reported and actioned in an efficient manner

- Ensure staff have an awareness of relevant health and safety legislation and their responsibilities as employee
- Where personal protective equipment is identified as necessary, ensure it is provided and maintained
- Ensure there are suitable provisions for contractors working on site
- Understand the organisation, role and powers of Health and Safety Executive Inspectors
- Recognise that the policy, risk assessments and practices are not static, and ensure that the Colleges health and safety policies and procedures are updated and amended where necessary

Employees

The Health and Safety at Work Act 1974 states - **"It shall be the duty of every employee whilst at work":**

- To take reasonable care for the health and safety of himself and of any other persons who may be affected by his acts or omissions at work: and as regards any duty or requirement imposed on his employer or any other person by or under any of the relevant statutory provisions, to co-operate with him so far as it is necessary to enable that duty or requirement to be performed or complied with"
- The Act also states, **"No person shall intentionally or recklessly interfere with or misuse anything provided in the interest of health, safety or welfare in pursuance of any of the relevant statutory provisions"**.
- Have a general responsibility for the application of the College's Health and Safety Policy, and any other Policy, to their own department or area of work and are directly responsible to the Director for the application of existing safety measures and procedures within that department/area of work.
- Advice or instructions given by the Director, including the relevant parts of this statement, shall be observed;
 - *shall, where necessary, establish and maintain safe working procedures including arrangements for ensuring, as far as is reasonably practicable, safety and absence or risk to health in connection with the use, handling storage and transport of articles and substances, (e.g. chemicals, boiling water, duplicating fluid, guillotines); they should also refer to documents produced for these products under the COSHH Regulations*
 - *shall resolve any health and safety problems any member of staff may refer to them and refer to the Director any of these problems for which they cannot achieve a satisfactory solution within the resources available to them*
 - *shall carry out a regular safety inspection of the activities for which they are responsible and, where necessary, submit a report to the Director*
 - *shall ensure, as far as is reasonably practicable, the provision of sufficient information, instruction, training and supervision to enable other employees and students to avoid hazards and contribute positively to their own safety and health at work*
 - *shall, where appropriate, seek the advice and guidance of the relevant Adviser or Officer of the Authority*
 - *shall propose to the Director requirements for safety equipment and on additions or improvements to plant, tools, equipment or machinery which are dangerous or potentially so.*

Class Teachers and Teaching Assistants

- The class teacher is responsible for the safety of students whilst in classrooms, workshops and laboratories (This has been a statutory duty since 1987). Where class teachers or teaching assistants have concerns regarding safety issues for example class sizes, condition of equipment etc. they should discuss the problems with the Director or Line Manager before the lesson. Class Teachers and teaching assistants should:
 - *Liaise with and recommend to the Director any safety issues and hazards such as class sizes, condition of equipment and also recommend additions and discuss improvements that can be implemented*
 - *ensure that before the lesson, by carrying out a risk assessment, that all protective clothing, guards, screens, etc. plus any special safety procedures are available and will be used*
 - *they personally should follow safe procedures and working practices*
 - *know the various safety procedures in their teaching areas including the location of any safety equipment, they should ensure that all the procedures are followed*

- *control and supervise the students and ensure that safety rules and protective equipment are followed and used*
- *ensure that safety instructions are clear and understood and check frequently that they are being followed.*

Corporate Services Team (CST)

CST are a key support mechanism of the College in the management of health, safety and welfare. Any issues must be reported via DatabridgeMIS (*Event Name: (Group) – CST Service Request*) or through the see-it report-it scheme. All staff should be made aware of the CST's role in the management of health, safety and welfare. CST will follow the health and safety and methods of working detailed in the Section 3 of this health and safety policy.

First Aiders

All sites must have at least one First Aider who can provide trained support in the event of an accident or illness to any employee, student, visitor, contractor and public. Where the risk of injury is identified as significant, such as during physical, practical and vocational lessons, access to a first aider and first aid equipment must be readily available (including provision of a wash basin or sterile water).

Students

Students are expected to:

- Exercise personal responsibility for the safety of self and classmates;
- Wear the correct clothing consistent with safety and/or hygiene
- Follow all the safety rules of the College & in particular the instructions of teaching staff given in an emergency
- Only use, and not wilfully misuse, neglect or interfere with things provided for his/her safety.
- **NB:** It is essential that all students and parents are made aware of the requirements of this section.

Visitors

The Health and Safety at Work Act, 1974 imposes a general duty of care on most people associated with work activities. Everyone employed in educational establishments is protected by the Act and employers have an obligation to ensure, as far as is reasonably practicable, that persons NOT EMPLOYED by them who may be affected by their activities are not exposed by their actions to health or safety risks within the College premises. (**Health and Safety at work Act, 1974 Section 3.**)

Visitors should report to the Director or Reception on arrival at the College, they should be required to observe the safety rules of the College, in particular parents helping out in College should be made aware of the health and safety arrangements applicable to them through the teacher to whom they are assigned and should not be asked to carry out tasks for which they are not 'competent', trained or authorised for.

In addition, the 'Occupiers Liability Act 1957' introduced a 'common duty of care' which an occupier owes to all visitors other than trespassers. This duty required him/her to see that visitors were reasonably safe in using the premises for the purpose for which they were invited or permitted to be there. In 1984 the Occupiers Liability Act was updated, and occupiers must also take reasonable care to see that trespassers do not suffer personal injury whilst on the premises.

Contractors

Contractors should report to the Director or designated reception area on arrival at the College building and outside contractors working on educational premises are required to ensure safe working practices by their employers under the provision of the Health and Safety at Work Act and must pay due regard to the safety of all persons using those premises in accordance with Section 3 and 4 of the Health and Safety at Work Act.

They should also inform the College of any hazardous operations they intend to carry out and liaise with the appropriate person on site regarding this work. They should also have available COSHH assessments for any substances they intend to use.

In instances where the contractor creates hazardous conditions and refuses to eliminate them the Director must take actions as are necessary to prevent persons in his/her care from risk of injury and inform the CST. Please refer to See Section 3 of this manual - Contractors in Colleges.

4. Arrangements

The arrangements section of the health and safety policy has been designed to highlight the relevant health and safety information for staff, visitors and contractors. **Please refer to appendix 1.**

5. RIDDOR

What are 'reportable' injuries?

The following injuries are reportable under RIDDOR when they result from a work-related accident:

- **The death of any person** (Regulation 6)
- **Specified Injuries** to workers (Regulation 4)
- Injuries to workers which result in their **incapacitation for more than 7 days** (Regulation 4)
- Injuries to non-workers which result in them **being taken directly to hospital for treatment**, or specified injuries to non-workers which occur on hospital premises. (Regulation 5)

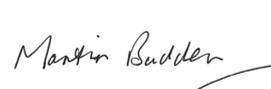

The College follows HSE guidance and will report any incidents directly via the HSE Webpage (<http://www.hse.gov.uk/riddor/report.htm>). This must also be logged on the DatabridgeMIS and a copy of the report attached.

6. Monitoring arrangements

This policy will be reviewed every 12 months but can be revised as needed. It will be approved by the governing board

Impact of non-compliance for:	
Staff:	Disciplinary action, prosecution
