

EAL Policy

Sept 2021

Version 4

1. Scope

This policy applies to all staff at Expanse Learning College (Hereafter referred to as the College).

2. Introduction

The term EAL is used when referring to students where the mother language at home is not English. This policy sets out the College's aims, objectives and strategies with regard to meeting the needs and celebrating the skills of EAL students and helping them to achieve the highest possible standards.

3. Aim

The aim of this policy is to ensure that we meet the full range of needs of those students who are learning English as an additional language. This is in line with the requirements of the Race Relations Act 1976. To welcome and value the cultural, linguistic and educational experiences that students with EAL bring to the College. To help EAL students to become confident and fluent in speaking and listening, reading and writing in English in order to be able to fulfil their academic potential. To encourage and enable parental support in improving student's attainment. To be able to assess the skills and needs of students with EAL and to give appropriate provision throughout the College. To monitor students' progress systematically and use the data in decisions about classroom management and curriculum planning and to maintain students' self-esteem and confidence by acknowledging and giving status to their skills in their own languages.

4. Strategies

College/class ethos

- Classrooms need to be socially and intellectually inclusive, valuing cultural differences and fostering a range of individual identities
- Recognise the student's mother tongue; boost the student's self-esteem. Remember, he/she has the potential to become a bi-lingual adult
- Identify the student's strengths and encouraging them to transfer their knowledge, skills and understanding of one language to another
- Recognise that students with English as an additional language will need more time to process and answer both orally and in written format.
- Extra time and support in exams will be awarded if appropriate
- Providing and targeting appropriate reading materials that highlight different ways in which English may be used
- Allow students to use their mother tongue to explore concepts
- Give newly arrived students time to absorb English
- Ensure that EAL students hear good models of English
- Use collaborative learning techniques
- Ensure that vocabulary work covers the technical and everyday meaning of key words, metaphors and idioms
- Explain how speaking and writing in English are structured for different purposes across a range of subjects
- Ensure that there are effective opportunities for talking, and that talking is used to support writing

Assessment

- College Registration form identifies students where English is their second language
- We carry out on-going recording of attainment and progress in line with agreed College procedures.

All students will follow the College curriculum. The College will provide texts and resources that suit the students' ages and levels of learning. Where appropriate, EAL students will be supported by a Teaching Assistant in the classroom to enable the student to complete tasks with understanding.
